HIS MEN HAVE FALLEN BACK. HE GETS  
OUT OF THE CAR)

DR.WHO: What happened? And where's  
Sarah?

BENTON: She's safe enough -

BRIG: I gave it a blast with  
the disintegrator gun.

BENTON: It left her on a roof.

DR.WHO: I see. Really, Brigadier,  
you should be more careful with your  
toys. You gave it just the  
infusion of energy it needed.

BRIG: (GRIM) I've called for  
artillery and the RAF are on the  
way.

DR.WHO: I hope none of that'll be  
necessary.

(DOCTOR WHO GOES  
BACK TO HIS CAR, TAKING  
FROM IT A PLASTIC BUCKET  
WITH A LID ON)

BRIG: What's that?

DR.WHO: Another piece of  
brilliance from the  
late Professor. One  
that will solve our problem,  
I hope. Wish me luck.

HARRY: I'll drive you Doctor.

(HARRY GETS BEHIND THE  
WHEEL, THE DOCTOR BESIDE  
HIM WITH THE BUCKET)

BRIG: Doctor! Now just a moment!

(HARRY DRIVES OFF)

SARAH: (V.O.) (DISTANT) Help...!

BRIG: Oh...well, don't  
just stand there, Mr. Benton.  
You heard Miss Smith - go and  
assist her.....
